

TOWAVAN by Blue Line
Get moving...

 **Indespension**[®]
The National Trailer Company

clever

Since 1968, Indespension has designed, manufactured and sold a comprehensive, innovative and high quality range of trailers.

We currently have 19 stores throughout the UK and Ireland. These outlets provide our clients with expert advice, trailer repairs, trailer hire, towbar fitting a substantial range of parts, trailer sales and an unrivalled level of service within the towing industry.

Our branch network is also supported by dedicated Head Office Sales and Technical Departments.

Indespension is the leading supplier to a wide range of markets including plant hire companies, utilities and local authorities, in addition to the general retail leisure market.

Indespension Trailers – the professional's choice.

Thousands of people in the UK are benefiting from the incredible versatility of the box van trailer.

At Indespension, our objective is to provide a high quality, fully galvanised trailer, combining strength and durability, thus ensuring years of trouble free service.

With cubic capacities ranging from an accommodating 3.92m³ to a generous 15.47m³, a Tow-A-Van trailer will give you all the extra carrying capacity you could wish for!

Practically perfect!

practically **perfect**

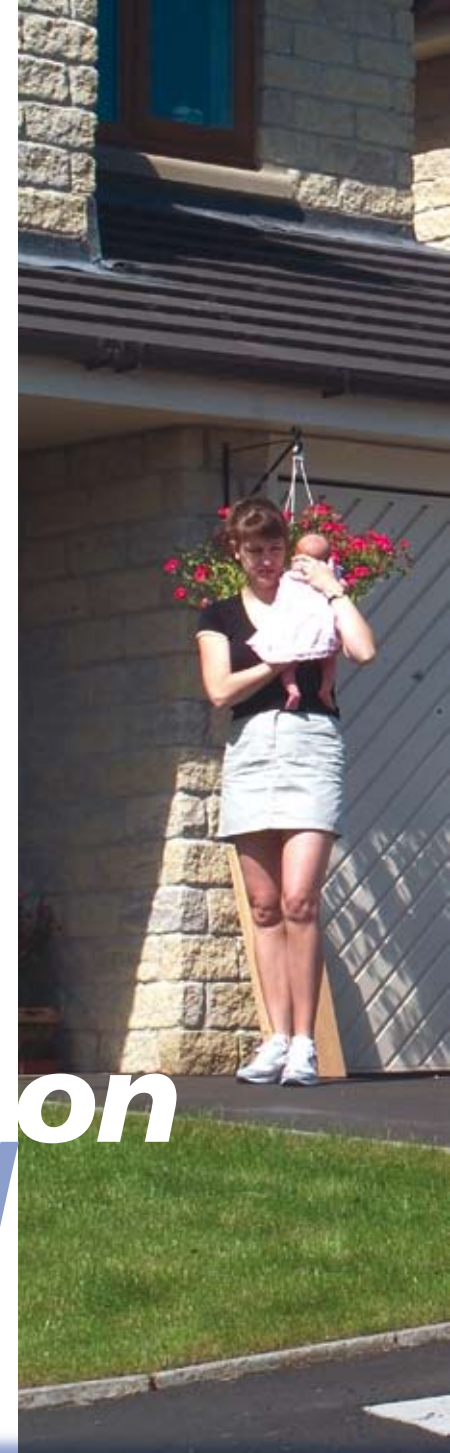

These versatile trailers offer the user a cost effective way of transporting all types of goods.

They are perfect for transporting machinery, tools, other heavy equipment and business conference presentation kits.

Other applications include the transportation of household furniture and appliances, musical instruments, DJ and PA gear, sports equipment, clothing, theatrical accessories, bikes, go-karts... The list is endless!

With several models available and a comprehensive options package, Tow-A-Van offers you a flexible low cost alternative for the transportation of your cargo.

moving on

Tow-A-Vans are fitted with a full width roller shutter rear door. Rear lights are rubber mounted. An aerodynamic nose cone is designed to reduce fuel consumption and offer greater stability whilst towing. All sides are white GRP faced plywood which can be sign-written for advertising purposes.

Other benefits include the patented Indespension SuperRide suspension system which ensures smooth reliable towing and the Indespension TripleLock coupling for added security.

Optional extras include a drop down rear tail gate and double rear opening doors, side personnel doors, side roller shutters and vending flap.

Tow-A-Van – a highly versatile low cost option!
